

## DMARC Matching Gift Corporations

When you make a donation or provide volunteer service hours to DMARC, your company may provide a matching contribution. This means you could help double, or in some cases triple, the impact of your contribution.

Matching gift forms are typically available through your employer's personnel office and may be sent with or after your donation.

Below is a partial list of companies believed to currently have matching gift programs. If you know of other employers that offer matching gifts but are not on this list, please let us know. We also request your help to inform us if a company on this list no longer exists or no longer offers matching gifts. Simply call the DMARC office at 515-277-6969. *Thank you for your support!*
